

Book Launch

We are delighted to announce the publication of *Knox Burlington*, a history of our Congregation in celebration of our 180th anniversary.

As part of the 180th anniversary celebrations, church historian Gary Evans has delved into the church archives...and more...to publish a new book not just on the history of the church, but those interesting stories that make the history of Knox unique.

When Gary set about to write *Knox Burlington*, he decided that he wanted a different look at the church history, not just the day-to-day routine, but those stories which set Knox Burlington apart. Stories that through extensive research provide a fascinating view of the church, stories that have never before been written.

In its 120 pages, *Knox Burlington* offers such stories as:

- the day the church was lost...then recovered
- the minister who never was
- what the town site was like in the 1840s
- when the town bell almost became the Knox bell
- those missed opportunities through missed land deals
- back when pews were rented
- historic timelines
- and much, much more

**Get your copy of *Knox Burlington*
through the Church Office at 905-333-3013.**

Price - \$25.00 including HST
